**SUSTAINABILITY POLICY**

We aim to make a significant, long-term contribution to the environmental, social and economic aspects of our business and of the communities in which work, by:

1. Providing a safe, healthy, professional and empowering workplace for our employees so that they can continuously perform in an effective, efficient and consistent manner;
2. Placing integrity first and foremost in everything that we do;
3. Ensuring healthy, safe and environmental-friendly spaces for communities to thrive by working with our stakeholders to gain feedback and subsequently, develop improved action plans;
4. Providing an enhanced customer experience, putting customers at the centre of everything we do;
5. Operating a strong governance structure, emphasising on ethics and transparency;
6. Delivering on products and services that are innovative and of high quality and excellence, by continuously engaging with our customers and keeping up with market trends and strategies;
7. Complying with all relevant legal requirements, assessing the environmental impacts of our operations, continuously seeking to reduce their impacts and improving our resource efficiency by reducing energy, water and waste.
